- Understand concerns about inflaming protesters; Premier has a different perspective.
 - The only way we de-escalated the Bridge, was by putting overwhelming resources to it (\$3 billion)
 - Goods being transported across ports of entry go across the country.
 - Can't jeopardize livelihoods and families and trade
 - Need to keep them open
 - Zero tolerance for protesters
 - Not about truckers; only 30 truckers at Bridge; OTA is 100% behind Province; 1000s of truckers working on the roads
 - Getting calls from CEOs, questioning about stability and investment
 - Protesters starting to think twice with removing licenses and fines
 - Need to get rid of mandates (including PVCs)
 - Acknowledges Mayor of Toronto and Police Chief; 1700 vehicles showed up and were cleared out by 10 over the weekend
 - Need to get tow truckers to cooperate; we're going to change that
 - **Support PM - focuses on areas and regions on what's needed and time-limited**
- 

- Spoke to President Biden and allies;
- Strong unity
- Will continue to stand with people of Ukraine and sovereignty
